## What Makes Giresun Hazelnuts The Best

Common mis-perception about the Turkish hazelnuts have been the assumption that all Turkish hazelnuts are the same quality and the same flavor.

Although the Turkish hazelnuts in general are the most popular and considered the best hazelnuts by taste and oil content, Giresun is the home for the world's number one quality hazelnuts because of it's perfect conditions as soil and climate as well as the elevation and the average temperature that is unique to Giresun region.

A photograph of a multi-story building at night. The building's facade is illuminated with warm yellow lights. The words "TAHSİN FINDIK" are prominently displayed on the upper part of the building in large, glowing orange-red letters. To the left of the text is a small, illuminated logo of a hazelnut shell. The building has several windows, some of which are lit from within, and the overall scene is set against a dark night sky.
